

Blackstone Models™

Our first release of 800 Series Drop Bottom Gondolas was a tremendous hit! All of these wonderful cars sold out before the shipment arrived from our factory and we continue to receive requests for more. In response, we are announcing a second release of these Drop Bottom Gondolas, due in **Spring of 2011**.

Three Drop Bottom Gondola numbers featuring the D&RGW Flying Grande Herald (Numbers 872, 882, and 899) will be available; two with the Moffat Tunnel Herald (Numbers 857 and 879) and one with the Royal Gorge Route Herald (848). All numbers will be available in both weathered and non-weathered versions.

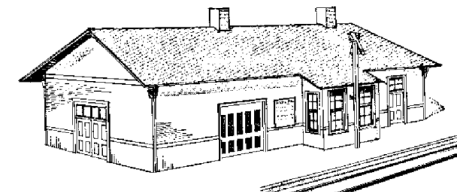

The 872, 882 and 899 can be ordered in our 'freshly shopped' paint scheme or as a lightly weathered version. The 857 and 879 can be ordered in the 'lightly sun-faded' paint scheme or a weathered version of the same. The 848 can be ordered in our 'more sun-faded' paint scheme or a weathered version of the same.
